Plant Wagner Flowers

62.67

LOWER PICTURE, "HARDY SWEET PEAS;" SEE PRICES BELOW. UPPER PICTURE, "DIGITALIS;" SEE PAGE 8 FOR PRICES

Everyone Loves Sweet Peas

Then why not have them from early summer until late in autumn? The various shades attained from a dozen or more plants will greatly please and satisfy anyone.

Perennial, Hardy Climbing Sweet Peas

will give you the same beautiful blossoms as the annual or tender varieties, eliminating the annual expense and trouble of re-planting each year and becoming eventually a bower of loveliness to be admired for years to come. The foliage is a very desirable feature. Where it is not too exposed to the sun, will remain a lovely green long after the snow falls. For covering fences or screens it is all that can be desired; being almost an evergreen, it scarcely has an equal. They are perfectly hardy, and require no special care whatever. Growing thousands of this wonderful

satisfactory plant, we offer field-grown plants in assorted colors only. 15c, 4 for 50c, 12 for \$1.50, 100 for \$10

The Wagner Park Nursery Co.

FLORISTS—NURSERYMEN—LANDSCAPE GARDENERS

INFORMATION AND SUGGESTIONS

IMPORTANT TO BUYERS—READ CAREFULLY

NOT ONLY are Wagner plants vigorous, sturdy and full of life as they grow in the Wagner Park Nurseries, but Wagner care so intelligently prepares them for shipment as to insure their arrival at their destination in the same flourishing condition. This means that they go into the ground at your place with unimpaired vitality and ready to resume their growth with undiminished vigor.

EARLY ORDERS. Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without an injustice to others who have their orders previously booked. We practice filling orders in rotation as received, in accordance, however, with locality and suitable planting season. In making up your order please give the price or size wanted to avoid delays and errors.

SHIPPING FACILITIES. We are admirably located for making shipments, having the C. C. C. & ST. L. (Big Four) Railroad East and West; the B. & O. Railroad North and South; also the Western Ohio Electric; all of which connect with various lines. We have Express Companies for above railroads, assuring you of prompt and direct service. Unless definite instructions are given, and these can be consistently followed, we must use our best judgment as to how to ship.

PARCEL POST. When found practical we ship by Parcel Post. The roots are wrapped in damp packing material so will carry to most distant states in good condition, unless delayed or left exposed in transit, which seldom occurs. In ordering plants by mail please bear in mind that parcels are limited as to size and weight, and large sizes cannot always be sent by mail. Occasionally we find it necessary to express some orders that are wanted by parcel post, or send by parcel post some wanted by express, but such change is made only for good reasons, such as a saving to our customers in transportation cost, or size of package will not warrant it. We prepay parcel post shipments, and if anything is due us we will send notice of the amount.

PLANTS BY EXPRESS. This is the most satisfactory method of transportation, as it enables us to give good values in the form of fine, large stock and usually receives good care in transit. We do not prepay express shipments, but can send larger plants, and if goods are miscarried they are more easily traced, and if damaged in transit easier to adjust such damage as may have occurred. When sent by express we usually send some extras to help defray the charges. In case of any damaged stock notify the express agent immediately of the damage as they as carriers are liable for any damages while in transit. Let them also make notation of damage on your express receipt or bill so that no controversies arise later with claim department. We send notice of shipment soon as forwarded.

FREIGHT SHIPMENTS. This method of shipment is advised only with heavy and bulky stock. Our direct lines North, East, South and West, give us shipping advantages over those who have only one railroad. In case of any damage to shipment while in transit handle as explained for express shipments.

GUARANTEE. We guarantee safe arrival by express or Parcel Post. Most failures with plants and bulbs growing are due to causes entirely beyond our control, such as unfavorable weather and soil conditions, too deep or too shallow planting, delays and exposures in transit, etc., which renders it almost impossible for us to guarantee success of growth. We take all possible care to supply such stock as will, under proper conditions, produce satisfactory results. We handle and pack all our plants in the best possible manner. Should stock not arrive in good condition, must report any complaints of this nature promptly or cannot be entertained. We also guarantee stock to be true to name, and will upon proper proof, replace any that may prove untrue.

REMITTANCES. Remittances should be made by Post Office Money Order, Registered Letter, Bank Draft, or Express Money Order. Our terms are cash, and remittance should accompany order unless satisfactory references are given. Send remittance with order to avoid delays.

SPECIAL NOTE. Write your name and shipping address plainly on the sheet containing your order to avoid mistakes and delays. Use separate sheet for your order if possible and in every case give size or price of the article wanted. Many orders are received without any address which always causes much annoyance, delays and dissatisfaction. Please note otherwise noted are F. O. B. Nurseries. We make no extra charge for packing and use the best packing materials.

WAGNER'S LAWN GRASS SEED

HOW TO MAKE A LAWN. All good gardeners now use seed for the making of a good lawn. The preparation of the ground is an important feature and the best soil is a medium texture, neither very heavy nor exceedingly light; the surface should be thoroughly pulverized and level. It is possible to get the soil too fine to receive the seed. Sow the best seed obtainable, it is always cheapest in the end. It is best to sow seed liberally only to produce a lawn quickly, but because the best lawn seed produces fine-leaved grasses, which should take entire possession of the ground thus choking out and preventing the development of any weed seeds, which are apt to be in all soils. After sowing, cover the seed by raking or rolling the ground. When the grass has become well rooted, use lawn mower for cutting it, and keep mower sharp.

QUANTITY OF LAWN GRASS SEED USUALLY REQUIRED IN MAKING A NEW LAWN

| | | | | |
|----------------------------|---------|----------------------------|----------|-----------------------------|
| 10 x 25 feet requires..... | 1 pound | 40 x 50 feet requires..... | 8 pound | 50 x 100 feet requires..... |
| 25 x 50 feet requires..... | 5 pound | 40 x 60 feet requires..... | 10 pound | 50 x 150 feet requires..... |

For Renewing Old Lawns—Use about one-half the quantity given above.

"WAGNER PARK" GRASS SEED—A special mixture which we prepare. Prices: 60 cents per pound; 5 pounds for \$2.50; for \$9.00.

"PREMIUM" GRASS SEED—This mixture, while not quite equal in quality to "Wagner Park" variety, is a good clean mixture lawn may be produced with it. Prices: 50 cents per pound; 5 pounds, \$2.00; bushel (16 pounds) \$6.00.

"SHADY LAWN" GRASS SEED—Fine for shady places and where other grasses will not grow. 50 cents per pound; 5 pounds, (16 pounds) \$6.50.

KENTUCKY BLUE GRASS SEED—We offer purest seed obtainable. 60 cents per pound; 5 pounds, \$2.75; bushel (14 pounds) \$7.00. Prices of seed for Golf Grounds quoted on application.

OUR GENERAL CATALOGUE

A copy of our last edition was mailed to you last season but if it has been misplaced and you are interested in a more complete descriptive list than this booklet contains, we will mail another copy upon receipt of ten cents.

THE WAGNER PARK NURSERY COMPANY, SIDNEY, OHIO, U. S. A.

Wagner Roses

THE rose is a source of interest to all flower lovers everywhere, and a necessity to every well-planted garden. The demand for good garden roses is greatly on the increase. People are beginning to appreciate the value of introducing roses more boldly in with general plantation. At the same time the "rose garden" is extending its appeal. One may use roses profitably anywhere, often in very restricted space. They have manifold uses as practical climbers, covering ugliness with beauty, clothing bare banks and walls with color and grace.

Our Roses are field grown, planted in rows to allow general cultivation which brings about a most rugged condition, except with some varieties that we find do best planted in beds which require closer observation and attention.

Early in the fall we carefully dig and plant in pots, especially the more tender varieties which are kept in cold frames or cold greenhouses, with only sufficient protection to exclude severe frosts. This again induces root growth which brings them to a proper state of perfection for successful transplanting and satisfactory results.

SPECIAL NOTE—PLEASE READ

We offer of most varieties two grades. Those listed as one year size are healthy young well rooted plants propagated during the spring and summer of last year, and will under ordinary conditions produce a surprising growth and display of bloom this year, more than doubly compensating for the outlay. Our two year size are grown under the most careful conditions to bring about an abundant supply of roots as well as a reasonable top growth for quick results and effects.

SUGGESTIONS FOR SUCCESSFUL ROSE CULTURE

WHEN TO PLANT—Dormant Roses should be planted as early in the spring as possible. Pot plants may be planted at any time, but do best if planted early, after all danger of frost is past.

SOIL—Any good garden soil will answer, but they thrive best in a soil consisting of considerable clay. In planting your roses or any kind of plants be sure the soil is firmly pressed around and over the roots. Loose soil will not hold moisture and allows air spaces which are sure to result in injury or check their growth. Water freely after planting to help settle the soil around the roots. A light mulch of straw is very beneficial if weather is hot and dry. Stir the soil frequently but not too deep, or the roots will be disturbed. The stirring of the top soil brings moisture to the top of the ground, supplying it directly to the plants, especially when roots are not yet active or established.

FERTILIZER—For a good crop of perfect roses considerable fertilizer should be used, which should consist of well decomposed manure, cow manure is preferable. Allow no manure to come in direct contact with the roots when planting as this will result in injury by heating or otherwise affecting the roots. Use good top soil or loam next to roots for the best results.

PRUNING—Severe pruning is necessary when first planted, and cut off two thirds of branches early every spring. Keep all dead wood cut out at all times and especially in spring when plants are starting new growth, as to leave the dead branches would only exhaust the sap that should go to live wood.

ENEMIES—When grown under favorable conditions, Roses are not apt to be attacked by insect pests or other troubles as is the case if half starved and otherwise neglected. Our own experience shows that a weekly application of Bordeaux Arsenate of Lead Mixture, at the rate of eight ounces to five gallons of water, applied with a whisk broom, or any sprayer that will reach the under side of the foliage, beginning at the time that the plants have developed into active growth, and continued throughout the season, will keep them free of almost all insect pests, as well as fungus diseases, but if in spite of this spraying, mildew should affect the foliage, use Sulphide of Potassium at the rate of one-half ounce to one gallon of water. This is sometimes effective where the Bordeaux Mixture fails. It may be necessary to supplement this treatment with several applications of any tobacco solution, or tobacco dust, for greenfly or aphids, which may appear during the growing season.

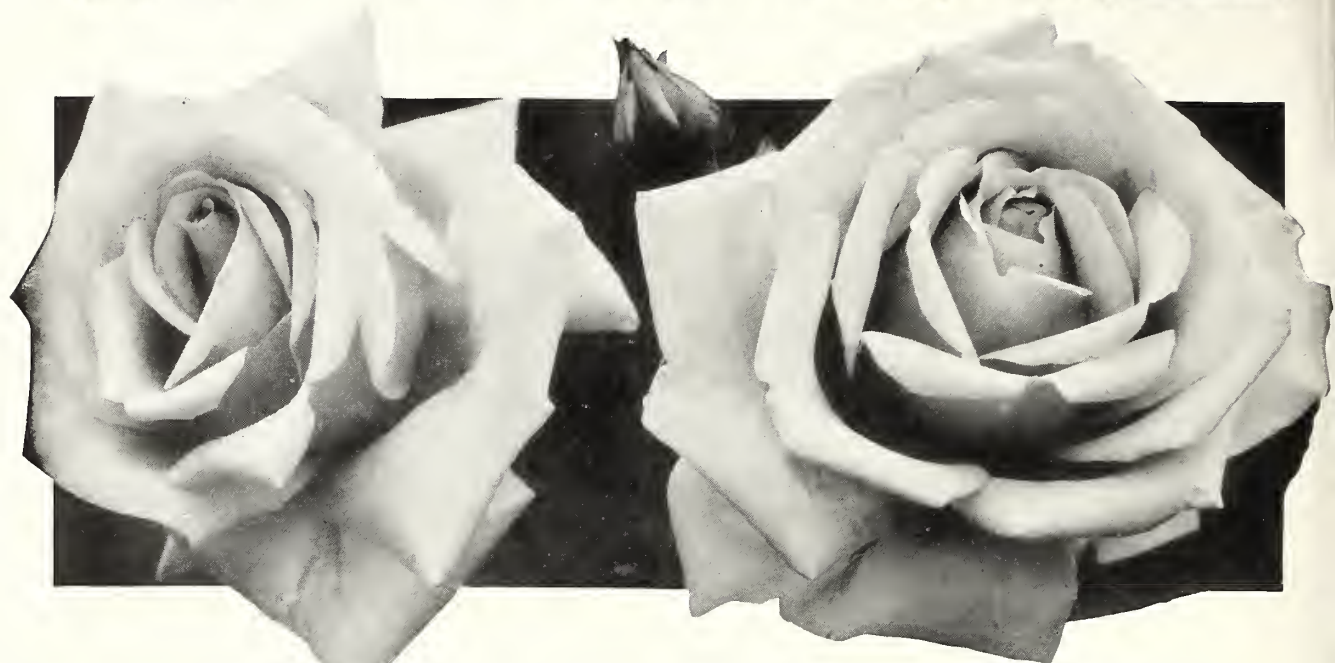

TOBACCO SOLUTION—Made of boiling the leaves or stems of tobacco. The liquid should be made about the color of weak tea.

SOAP SOLUTION—Dissolve about one ounce of Ivory, or other good soap in one pint of boiling water, adding one and one-half gallons of cold water

WINTER PROTECTION—Do not cover your plants too soon; a nip of frost will not hurt them, but will help ripen and mature them. Such material as leaves, hay, straw or cedar boughs, corn fodder, etc., will afford excellent protection. In the spring, wait until the weather is settled before uncovering and do so gradually. To uncover all at one time would be exposing the covered plant to a severe and sudden change, frequently causing much damage and oftentimes killing the plant entirely.

Wagner Park Flowers

Ten Best Hardy Everblooming Roses for General Planting

From our years of experience we have selected the ten following varieties as best for general planting. Due consideration being given to hardiness, habit of growth, color, and freedom of bloom. Plant them freely; even the one year size will surprise you with growth and blossoms the first year.

In this list of ten kinds you will find the choicest of each of the different shades of color and only those of real merit. All possess the hardiness of the Hybrid Perpetual or Jure Rose and also the everblooming qualities, sweetness and fragrance of the Tea Rose.

We are frequently asked to select the best varieties, so this season are listing the ten choicest separately for the convenience of those who are not familiar with the different kinds to make a good choice.

If you want roses in greatest abundance order from this list of ten varieties. We have selected them especially for those of our clients who are not familiar with the large variety now offered. They are all popular kinds and sure to give satisfaction.

Our efforts in selecting and suggesting these ten best varieties for general planting were well rewarded by the satisfaction our clients expressed through the results they obtained from the plantings ordered of us. The one year size will doubly repay even the first year for the outlay under ordinary conditions.

GRUSS AN TEPLITZ. (Crimson Hermosa) This grand Rose has proven one of the best and most valuable hardy crimson everblooming Roses for garden planting ever introduced. The color is dark, rich crimson, passing to velvety, fiery red, the very brightest colored Rose we know. Flowers large, full, and sweet; blooms constantly, throwing up fresh buds and flowers the whole growing season. 1 yr., 15c; 2 yr., 60c.

HERMOSA. A remarkable Rose, having the strength and style of the Hybrid Perpetual and the free-flowering qualities of the Tea. It would be a waste of words to write a lengthy description of Hermosa. The color is a most pleasing shade of pink, very fragrant. A grand Rose for bedding or pot culture. 1 yr. size, 15c; 2 yr. size, 50c.

JONKHEER L. MOCK. Like the rest of the Rose-growing world we are enthusiastic in praise of this famous Rose. The color is carmine on the outside, which contrasts beautifully with the lovely imperial pink of the inside of the flower as the petals unfold and curl, and the exquisite blooms are produced freely on stiff, erect stems. The flowers are very large, perfectly formed and highly perfumed. 1 yr. size, 20c; 2 yr., 75c.

KAISERIN AUGUSTA VICTORIA. An unsurpassed Rose of great beauty. This exquisite variety still retains its place as the foremost and best white Rose for general planting. It is perfectly hardy in all localities and produces continuously throughout the season glorious, fully double flowers with a delicious, Magnolia-like fragrance. Color is a most delicate, creamy white. 1 yr. size, 20c; 2 yr. 75c.

LA FRANCE. This is probably the most popular Rose in cultivation. Both buds and flowers are of lovely form and grand size, exceedingly sweet; color peach-blossom pink, elegantly clouded with rosey flesh. Begins to bloom while very small, and continues bearing until stopped by freezing weather. 1 yr. size, 20c; 2 yr., 60c.

MAD. ABEL CHATENAY. This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding rose, as it is a profuse and continuous bloomer, flowers of good size, double, with slightly recurved petals; elegant buds; color, rosy carmine, shaded salmon. 1 yr. size, 15c; 2 yr., 60c.

MADAM CAROLINE TESTOUT. Probably no Rose stands higher in public estimation today. It is a wonderful Rose. The petals are large and of elegant form. Both flowers and buds are extra large and of very elegant form; color is brilliant satiny rose, deepening in center to clear red. It is of excellent substance, keeps its color well and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty. 1 yr., 20c; 2 yr., 75c.

OPHELIA. One of the most beautiful and popular of recent cut-flower favorites, with perfect flowers of distinct form, lavishly produced, emitting the exquisite perfume of the Richmond type; salmon-flesh shaded with rose. 1 yr. size, 25c; 2 yr., 75c.

PRESIDENT TAFT. This is undoubtedly the finest bedding Rose yet introduced. The flowers are double, very sweet-scented, and are of deep pink color. They are very showy and valuable for cutting. The plants are free from disease, which is another point claimed in its favor. 1 yr. size, 20c; 2 yr., 60c.

THE BURBANK ROSE. The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during winter. It is a strong, vigorous grower, making well rounded, bushy plants. The Burbank can be planted anywhere and is without doubt the finest flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double and most pleasing in their rich beauty and delightful fragrance. 1 yr. size, 15c; 2 yr. size, 60c.

No better collection ever offered in Roses!

Wagner Park Famous Cochet Roses

The real Rose lover cannot afford to miss these particularly famous Cochet Roses. The three varieties we offer are not surpassed by any others in beauty of flowers and productiveness. They are constantly in bloom and are hardy in all localities, except the extreme north, where protection and mulching is necessary to bring them through some winters we frequently experience.

MAMAN COCHET RED. An exceedingly beautiful and splendid Rose for general planting. Very vigorous and healthy, throwing up strong shoots, and producing great masses of beautiful blossoms, and this is continuous throughout the entire season. Flowers are very large, fully double, and sweetly scented. Color a bright rose-red, elegantly shaded. A most valuable everblooming variety. 1 yr. size, 15c; 2 yr. size, 40c; extra size, 65c each.

MAMAN COCHET PINK. A deliciously sweet-scented Rose and a most vigorous grower. The flowers are superb and we consider it one of the choicest and most beautiful roses grown. The buds are long and pointed and flowers are of enormous size, very full and double. The color is a rich pink, elegantly shaded with rose and crimson. An excellent bedding variety. Very free to bloom, even as a pot plant for the house. 1 yr. size, 15c; 2 year size, 60c.

MAMAN COCHET WHITE. A remarkably free blooming variety equal to Maman Cochet Pink in every particular. The blossoms are large, fully double, and a pure white in color. Very fragrant, and should be included in every Rose collection. 1 yr. size, 15c; 2 yr. size, 60c.

Hybrid Perpetual Roses

Most Brilliant Class Because of Their Large, Sweet, Brilliant Colored Flowers

The best class to plant, especially in the Northern States, owing to their hardiness. While they particularly need no protection, a good mulch for winter after the wood is well ripened will be beneficial. While they are called Perpetual, they are not constant bloomers, except those so noted. We list only the choicest varieties.

FRAU KARL DRUSCHKI. Fine snow-white, free from any yellow or rose tints. Constantly in flower. Large size, \$1.00.

GEN. JAQUEMINOT. One of the most satisfactory to grow. Exceedingly popular. Color a rich crimson scarlet. Large size, 85c.

J. B. CLARK. An intense deep scarlet-rose, shaded dark crimson. A wonderfully strong and upright grower. Exceedingly vigorous. 85c.

MADAME PLANTIER. The iron clad white cemetery rose bears hundreds of beautiful snowy-white, fragrant blossoms. Large size, 75c.

MAGNA CHARTA. The color is a beautiful bright pink, suffused with carmine. Good grower and free to bloom. Large size, 85c.

PAUL NEYRON. Long, stiff, thornless stems, with cup-shaped flowers. Bright rose. Very much resembling the popular American Beauty, the popular cut flower variety. Large size, 90c.

Hardy Climbing Roses

Very few vines give such an abundance of blossoms as the Climbing Roses. Again there is nothing in cultivation more beautiful and attractive. Surround your house and veranda, cover your pergola, screens, and fences with these famous Climbing Roses. The stock we offer is choice and will give entire satisfaction.

CRIMSON RAMBLER. Crimson, semi-double. 1 yr. size, 20c; 2 yr. size, 60c.

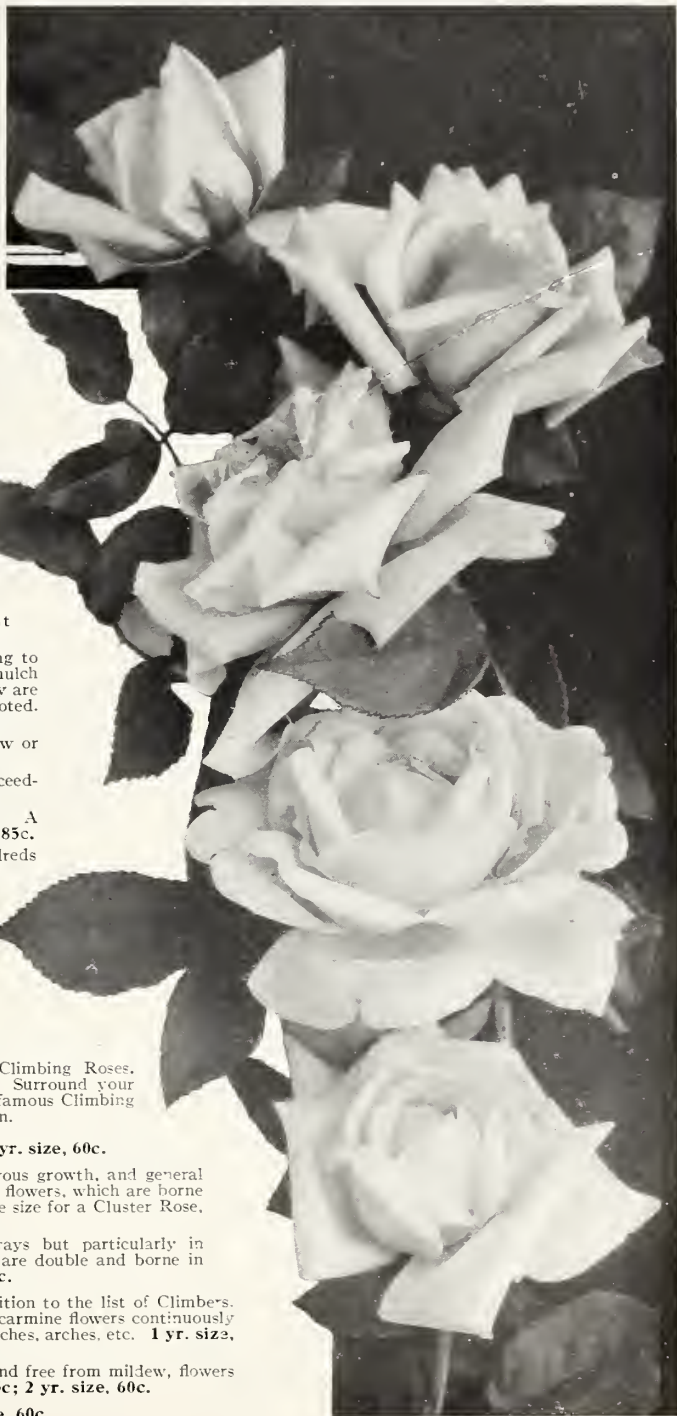

DOROTHY PERKINS. A climbing rose which is of strong, vigorous growth, and general habit very closely approaches the popular Crimson Rambler; its flowers, which are borne in clusters, are of a beautiful shell pink, full, double, and of large size for a Cluster Rose, and deliciously scented. 1 yr. size, 15c; 2 yr. size, 60c.

EXCELSA. A splendid Climbing Rose, remarkable in many ways but particularly in the brilliant fiery red or intense crimson-scarlet flowers, which are double and borne in trusses of thirty to forty flowers. 1 yr. size, 15c; 2 yr. size, 60c.

MISS G. MESMAN. (Climbing Baby Rambler) A grand acquisition to the list of Climbers. A strong grower and produces large, compact clusters of bright carmine flowers continuously from June until frost. An easy grower and very desirable for porches, arches, etc. 1 yr. size, 30c; 2 yr. size, 75c.

WHITE DOROTHY. Brilliant green foliage of splendid texture and free from mildew, flowers are a glistening white and borne in great trusses. 1 yr. size, 15c; 2 yr. size, 60c.

YELLOW RAMBLER. Yellow flowers. 1 yr. size, 20c; 2 yr. size, 60c.

GLADIOLI

Most Desirable of Summer Flowers for Cutting

Gladioli are exceedingly beautiful and their easy culture makes them one of the most popular flowers for general planting. The bulbs we offer are all of blooming size. Where planted in masses or among perennials or in the shrubbery borders they brighten the whole of the planting during their season of bloom which is during August and September when few hardy plants or shrubs flower.

The demand for Gladioli has become so great that we are now devoting a large acreage to their culture. The varieties we grow constitute the very finest that can be produced. Our stock has been carefully selected, the markings and size of the flower being the first consideration. This enables us to send out collections which consist of the very choicest varieties in their particular color. The bulbs we offer are strong, vigorous growing, and the flowers are very large, of perfect form. The combinations of the markings are almost endless, and such as will be found in few other collections sent out. A succession of bloom may be had from July to October by planting at intervals from April to June.

In the fall before frost, the bulbs should be taken up, dry them and place out of the reach of frost, for planting again the following spring.

AMERICA. One of the greatest favorites. The color an exquisite shade of delicate pink. **\$1.00 per dozen, \$7.00 per 100.**

AUGUSTA. Pure white in color, with blue anthers. It produces long, straight spikes, often with several branches. **\$1.00 per dozen, \$7.00 per 100.**

INDEPENDENCE. Large and very striking flower. Instead of being a crimson as has been described, is in reality a most beautiful coral pink overlaid with a scarlet sheen—a most wonderful showy flower. It is exceptional for cutting owing to its lasting qualities. If cut when the first and second buds open, will last a whole week if kept in water. **75c per dozen, \$5.00 per 100**

MRS. FRANCIS KING. Large scarlet flowers of graceful form, borne on a spike that is tall and straight. It is one of the most popular varieties. Excellent for cutting. **\$1.00 per dozen, \$6.00 per 100**

FIRST PRIZE PINK. One of the finest varieties for cutting ever sent out, color a beautiful bright pink and very free flowering. Growth and habit perfect. **10c each, 75c per dozen, \$5.00 per 100**

FIRST PRIZE RED. The best and most effective scarlet for massing. **15c each, \$1.50 per dozen, \$10.00 per 100.**

FIRST PRIZE WHITE. A lovely and useful white variety. **\$1.00 per dozen, \$7.00 per 100.**

MIXED COLORS. This strain affords an unusual fine range of colors. All are of the large flowering kinds and among them you will find the most beautiful shades. Plant them in quantities in the hardy borders or most anywhere and you will get results. Flowering size, **50c per dozen, \$2.50 per 100; extra select bulbs, 10c, \$1.00 per dozen, \$5.00 per 100.**

Some Choice Bedding Plants

ANTIRRHINUM SNAP DRAGON. Popular plants for bedding and of special value for cutting. The stock we offer has been grown from a select strain. Nothing equals Snap Dragons for continuous summer flowers. **Mixed colors, 75c per dozen, \$5.00 per 100.**

COLEUS Are almost indispensable where beds of brilliant foliage are wanted. Also used for edging and ribbon beds.

BRILLIANT RED. **15c, \$1.25 per dozen, \$8.00 per 100; larger, 20c, \$1.50 per dozen, \$10.00 per 100.**

GOLDEN BEDDER. Fine yellow, clear and distinct. **15c, \$1.25 per dozen, \$8.00 per 100; larger size, 20c, \$1.50 per doz., \$10 per 100.**

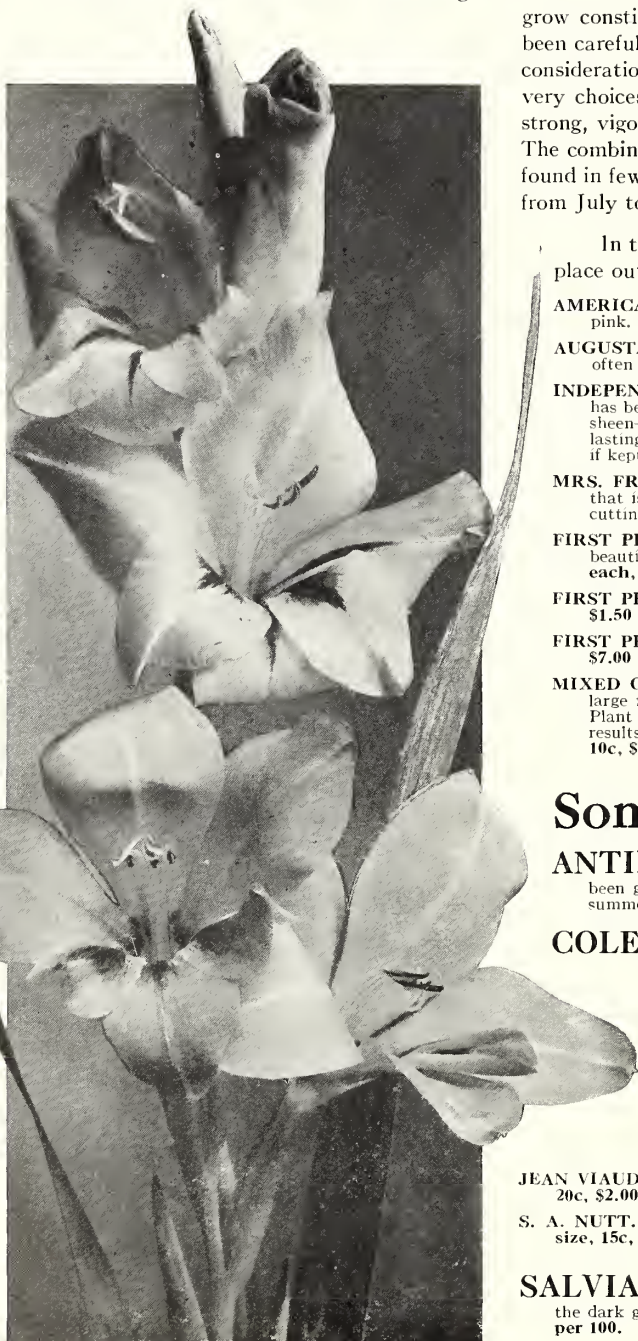

VARIEGATA. Leaves beautifully mottled, red and yellow. **10c, \$1.00 per dozen, \$6.00 per 100.**

GERANIUM BRUANT. An old favorite, and still one of the best and most brilliant scarlet varieties. **10c each, \$1.00 per dozen; larger size, 15c each, \$1.50 per doz.**

JEAN VIAUD. Beautiful shade of bright pink. **15c, \$1.50 per dozen; larger size, 20c, \$2.00 per dozen.**

S. A. NUTT. Rich dark crimson. Close, compact habit. **10c, \$1.00 per dozen; larger size, 15c, \$1.50 per dozen.**

SALVIA SCARLET SAGE. This is one of the finest of the showy summer flowering plants. Its erect spikes of brilliant scarlet flowers stand clear above the dark green foliage and completely cover the plants. **10c, \$1.00 per dozen, \$7.00 per 100.**

Wagner Park Flowers

Wagner Park Lilly Cannas The Finest Stock Possible to Produce

Visitors are invariably enthused at the beauty and size of Wagner Park Cannas with wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. The effectiveness is not confined to only a few weeks display, but being exuberant in growth, a bed of Cannas soon become attractive after planting and each day thereafter adds to its beauty.

Cannas should not be planted out-of-doors until after all danger of frost is over. They may be planted as late as June, but the earlier planted, the better the results. The most practical way to care for the roots over winter is to take up the clumps after the first killing frost, leaving some earth adhere to the roots. Place them in a dry cellar where frost will not penetrate. Do not allow the roots to become too dry or tubers will wither, but care should be taken that they are not too moist to allow mildewing. In spring the bulbs can be started in sand in the house, if kept moist, or can be planted in the open ground as soon as all danger of frost is over. Our stock is so handled that immediate results and effects may be obtained.

Wagner Cannas Are Remarkably Free Flowering and Attractive

A Wagner Canna Bed 10 Feet Across For Only \$7.50
5 King Humbert for center. Next row, 12 Chas. Henderson. For edge, 20 Madam Crozy. For border, 50 Red Coleus. **87 Plants for ONLY**

CHAS. HENDERSON. Medium grower. The standard of all crimson cannas. Bright crimson flowers, with pencilings of golden yellow at center. An excellent variety for general planting, sure to give satisfaction. **15c each, \$1.50 per dozen.**

DUKE OF MARLBOROUGH. Medium height; the darkest Canna grown. One of the most erect, handsome plants, with fine metallic-green foliage. Flowers, deep crimson-maroon. **25c, \$2.50 per dozen.**

DAVID HARUM. Medium height; dark bronze foliage. Strong grower and one of the finest blooming Cannas. Flowers of large size with well rounded petals. Color is a bright vermilion-scarlet, dotted with crimson spots. **15c, \$1.50 per dozen.**

INDIANA. Tall grower. Heavy compact green foliage. Flowers on long spikes of orange scarlet color. **25c each, \$2.50 per dozen.**

J. D. EISLE. Medium height. Green foliage and spikes of crimson flowers with a touch of yellow on drooping petals. **20c each, \$2.00 per dozen.**

KING HUMBERT. Medium height. A bright orange-scarlet, streaked with crimson; most beautiful bronze foliage. **35c, \$3.00 per dozen.**

LOUISIANA. A strong, vigorous grower, producing a dense mass of glossy green foliage and vivid scarlet flowers. **25c \$2.50 per dozen.**

MME. CROZY. Dwarf grower. The popular golden-edged bright scarlet. Green foliage. **15c, \$1.50 per dozen.**

PILLAR OF FIRE. A giant in height; color is bright crimson-scarlet, medium sized flowers. **25c, \$2.50 per dozen.**

Special Canna Offer 10 Chas. Henderson for center \$2.50
Enough for Bed 8 Feet in Diameter 20 Mme. Crozy for edge

DAHLIAS

SHOW, DECORATIVE, CACTUS, POMPON, AND SINGLE VARIETIES

Within the last few years a wonderful revival of interest in Dahlias is noted, which has resulted in their now being very important rivals to all other bedding plants. We recommend Dahlias to any one wanting attractive bedding plants and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials. We supply some dormant roots for early shipping, and started plants later in season.

A. D. LIVONI. (Show Dahlia) Color, light silvery pink, petals beautifully quilled. **30c, \$3.00 per dozen.**

CLIFFORD W. BRUTON. (Decorative Dahlia) Fine canary-yellow. **25c, \$2.50 per dozen.**

COUNTESS OF LONSDALE. (Cactus) The freest flowering Dahlia in the collection. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine-pink. **25c, \$2.50 per dozen.**

EARL OF PEMBROKE. (Cactus Dahlia) Bright plum, deeper and more velvety towards the center. **15c, \$1.50 per dozen.**

GRAND DUKE ALEXIS. (Decorative Dahlia) White, tinged delicate pink. **30c, \$3.00 per dozen.**

LYNDHURST. (Decorative) Brilliant cardinal-red. **35c, \$3.50 per dozen.**

MARY D. HALLECK. (Show Dahlia) Compact golden yellow flower, full to the center. **30c, \$3.00 per dozen.**

NYMPHAEA. (Decorative) Like a pink and white water lily. **25c, \$2.50 per dozen.**

PURPLE QUEEN. (Show) Flowers purple on long stems. **25c, \$2.50 per dozen.**

SNOWCLAD. (Pompon) Snow white. Dwarf grower. **20c, \$2.00 per dozen.**

SNOWFLAKE. (Show Dahlia) Flowers snow white, perfect form, full to the center. **30c, \$3.00 per dozen.**

SUNBEAM. (Pompon) Deep carmine-red. **25c, \$2.50 per dozen.**

SYLVIA. (Decorative) Pleasing mauve-pink, gradually changing to white in center. **25c, \$2.50 per dozen.**

TWENTIETH CENTURY. (Single Dahlia) No orchid could be more delicate in color or richer in shading. It is pure white at the tips and gradually shading toward the center of the petals to delicate blush-rose. **35c, \$3.50 per dozen.**

WILLIAM AGNEW. (Cactus) Intense glistening scarlet crimson; very large flowers. **25c, \$2.50 per dozen.**

Wagner's Hardy Flowers

The Garden of Hardy Flowers is of gorgeous bloom from earliest spring until frost, glorified by its appropriate flowers from month to month, new things each day to delight you. Year after year this goes on and the garden increases in beauty and loveliness, practically without any expense other than the first cost. Hardy flowers require less care and attention, are more free from insects and disease, yet producing abundance of beautiful blossoms. Among the Hardy Flowers are found all the old-time favorites and some of the noblest plants that have been dear to our Grandmother's garden, famous in song and story—a fragrant memory of gay sweetness. Hardy Flowers even defy the "melancholy days," for the autumn perennials—the cheerful Asters, the dainty Michelmas Daisies, the many new varieties of Phlox of myriad pastel tints. Even after frost there are the gay hardy Chrysanthemums, the "pompon" of Grandmother's day. Wagner Perennials are strong, splendid plants and include practically everything worth growing in the temperate zone. The vigor, the robust roots of Wagner-grown plants have advertised the merits of Wagner Nurseries in every part of the country.

ABBREVIATIONS—Letters D, M and T, immediately following the name of varieties indicate the height of the various kinds when fully matured, viz.: (D) indicates growing heights from 6 to 15 inches; plant these varieties from 6 to 15 inches apart. (M) indicates height from 15 to 36 inches; plant these varieties 12 to 30 inches apart. (T) indicates height from 36 to 60 inches; plant these varieties from 30 to 48 inches apart. There is no set rule as to distance for planting the various varieties. That is a matter of taste for some prefer heavy mass effects, requiring close planting while more open effects require planting farther apart. We give the two extremes as to distance but one may deviate from this rule, planting closer or farther as desired.

MULCHING—While mulching plants for winter is very beneficial and with many varieties necessary, especially the first winter, many make the mistake of putting the mulch on too early before the plants are well ripened which frequently causes the green growth to decay and will sometimes rot the very crown and heart of plant life or growth. Again this early mulching frequently starts new growths owing to the heat of the mulch, which are killed when the freezing sets in. For best success do not mulch heavily until the ground is thoroughly frozen when the covering or mulch will keep the soil at an even temperature throughout the entire winter and when removed in spring the new growth will readily start fresh and vigorous, producing healthy, sturdy stalks and flowers.

ACHILLEA THE PEARL. (D) June to October. This is one of the most beautiful and useful perennials we grow. It is of a low spreading character with pure white flowers. Some are perfectly double, and produced in large sprays. Fine for cutting. **10c; large size, 20c.**

ASTER TARTARICA. (M) An exceptionally strong grower and a plant of great hardness; will endure any kind of exposure and cold without the least protection. The foliage is of good green color all season. In late summer and fall the plants are a mass of bloom produced on long erect stems. The color of flowers are a bright lilac-purple and in many cases produce from 50 to 100 individual blossoms on one stem. Does well in any soil or situation. If plants become too thick owing to its rapid growth, remove some to allow cultivation. **10c; large size, 20c.**

CLIMAX. (M) A grand variety producing large flowers of a beautiful blue. **25c.**

ST. EGWIN. (M) A most pleasing shade of soft pink. One of the best. **25c.**

AEGOPODIUM VARIEGATA. (D) A rapid growing plant with variegated foliage, thriving in any soil; for covering waste or barren spots. **10c.**

AQUILEGIAS Aquilegias or Columbines are extremely beautiful and a collection of them should be a feature in every garden.

CHRYSAANTHA. (M) May to July. The beautiful golden-spurred "Columbine." Flowers golden-yellow. **20c.**

NIVEA GRANDIFLORA. A fine pure white sort. **20c.**

BOLTONIA ASTEROIDES. (T) One of the showiest of our native perennials, closely resembling and allied to the hardy Asters; flowers pure white; August and September. **10c; large size, 25c.**

DIGITALIS GLOXINIAEFLORA. (M) July and August. This strain embraces a wide range of color, from pure white to deep pink. **25c.**

WAGNER'S SHASTA DAISIES These are universally popular for outdoor planting, and considering their many good qualities, should be planted extensively. The flowers are of the purest, glistening white, of enormous size and produced on long, stiff, wiry stems; excellent for cutting. **20c; large size, 35c.**

DELPHINIUMS CHINENSIS ALBA. (D) July, August. Pure white. **10c; larger size, 25c.**

CHINENSIS. (D) July, August. Sky blue flowers. **10c; larger size, 25c.**

TALL ENGLISH. This collection includes practically all shades of blue. We offer mixed colors. **20c; larger size, 35c.**

FUNKIA COERULEA. (D) Their broad massive foliage makes them attractive subjects for the hardy border even when not in flower. Very desirable for shady locations. Blue flowers. **10c; extra large, 25c.**

GAILLARDIA GRANDIFLORA. (D) June to October. The center of flower is a dark red-brown, while the petals are vigorously marked with rings of brilliant scarlet, crimson, orange and vermillion, and often a combination of all these colors in one flower. **15c; large size, 25c.**

HELIOPSIS PITCHERIANUS. (M) June to October. A desirable variety. The flowers are of a beautiful, deep golden-yellow color, about two inches in diameter. **10c; large plants, 20c.**

HELIANTHUS MAXIMILIANA. (T) September to November. A most graceful single flowering variety; the flowers are produced in long, graceful sprays, which make it invaluable for cutting purposes. The foliage is beautiful, and remains green until late frosts. **10c; large size, 25c.**

QUANTITY PRICES Six plants of any one variety at five times the single rate price. Twelve plants at ten times the single rate price.

Wagner Park Flowers

Hardy Chrysanthemums

Many are the lovely flowers that give a succession of beauty throughout the summer day, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums. The flowers of these, which are in the greatest profusion, will endure the early frost and early snow storms, and delight us with a show of blooms on such sunshiny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowning glory. We now have many new and improved varieties which will make a grand show either planted in clumps in the hardy flower bed or in groups among shrubbery. They are of the easiest culture and will grow in almost any soil. An occasional watering with liquid manure will be beneficial, giving more and better bloom. The hardy Chrysanthemum is especially recommended to inexperienced cultivators for no class of flowers is easier to manage. Their blooming period is from August to November. Height 18 to 36 inches.

DIANA. Fine pure white, grows very erect. **Thrifty plants, 25c.**

ETNA. Very fine large fully double flower. Color, old rose, with salmon-pink shading; a striking variety. **15c; large size, 35c.**

EXCELSIOR. Pure yellow fully double flowers of medium size. Grows very erect. **Thrifty plants, 25c.**

HIAWATHA. Clusters of small but beautiful bronze-red flowers. Very free bloomer. **Thrifty plants, 25c.**

INDIANA. Fiery red flowers, very distinct and showy. Medium size flower but full to center. **Thrifty plants, 30c.**

JULIA. A dwarf grower producing large clusters of flowers of medium size, color red and bronze with amber shadings, very free flowering. **15c; large size, 30c.**

LITTLE BEAUTY. Dwarf compact grower. Flowers are pure white of medium size, but fully double. Very free flowering. **20c; large size 40c.**

OLD HOMESTEAD. Very large full flower and very free to bloom. Color beautiful lilac-pink. **15c; large size, 30c.**

ORANGE BEAUTY. Orange with center of petals shading to a deep reddish orange; medium size flower but full to center. **15c; large size, 30c.**

SUPERBA. Large double full flower, color deep rose pink. A beautiful variety and very free flowering. **15c; large size, 35c.**

VICTORY. Large flowered, pure white, fully double and fine. **15c; large size, 30c.**

Grandmother's Hardy Garden Mums

These are the old-fashioned and reliable Chrysanthemums that were so highly prized in the garden corners and alongside the house of "grandmother's home".

We offer White, Pink, Red and Yellow separate colors. **Thrifty plants 15c each; larger plants, 25c.**

Hardy Ornamental Grasses

For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are strikingly original in effect and impart a degree of tropical brilliance to the landscape. The plumes which these grasses produce are large and beautiful, having a feathery appearance, and may be used for interior decoration. Absolutely hardy. All our plants are propagated from the root and hence more valuable than seedlings, which do not come true.

Few people are aware of the many ornamental grasses there are, and the extremely beautiful effects to be derived from them. They are invaluable for intermingling in the herbaceous border, where they impart a light and graceful effect. They will thrive under the shade of large trees and make handsome specimens on the lawn. Being moisture loving also, they are excellent for waterside planting, and for all other purposes which their graceful form suggest.

EULALIA GRACILLIMA. This grand variety of Eulalia forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful narrow foliage is beautiful, shining green with midrib of silvery white. **Large size, 15c., clumps, 35c.**

JAPONICA. One of the most beautiful of the tall-growing grasses. Bright green foliage and unusually long plumes. **Large size, 15c; clumps, 35c.**

JAPONICA VARIEGATA. Standard old sort of distinctive value. Blades striped lengthwise in a handsome manner, being a combination of creamy white in the center with broad margin of bright green. **Large size, 50c.**

JAPONICA ZEBRINA. This fine ornamental grass is the finest of Eulalias for single lawn specimens or clumping. Grows 4 to 6 feet high. The leaf blades are deep green, distinctly striped crosswise with large bars of pure white. **Large size, 50c.**

PHALARIS ARUNDINACEA VARIEGATA. (Ribbon Grass) An excellent variety, very desirable for bordering large beds of other ornamental grasses. **10c; larger size, 15c; clumps, 25c.**

COREOPSIS LANCEOLATA GRANDIFLORA. (D) A gem among hardy plants. It begins to flower in June and continues in bloom more or less throughout the season. The flowers, which are of a golden yellow, are of a graceful form and invaluable for cutting. Succeeds in any position. **10c; large size, 20c.**

PRICES IN QUANTITIES Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

Wagner Park Flowers

Day Lillies (Hemerocallis)

One of the most beautiful and popular of our garden perennials. The foliage is narrow, and remarkably free from insect enemies. These plants are so hardy that they need no protection over winter, even in the severest climates. The flowers resemble the famous Easter Lillies. The blossoms are excellent for cutting, lasting a long while and the most backward buds will open when in water.

The culture of these plants is very simple as they thrive in almost any kind of soil, but the most luxuriant growth and profusion of blossoms may be had when planted in a shady, moist location. Our stock of Hemerocallis is field grown and can be depended upon to be the truest grown. Certainly no perennial is more worthy of cultivation and none more satisfactory. For massing or planting in the hardy border with other varieties of plants or with shrubs it is unrivaled.

APRICOT. (D) A splendid new hybrid. Flowers are a rich apricot shade. 10c; large size, 25c.

DISTICHA FL. PL. (M) A late blooming variety. Flowers are double orange yellow shaded copper. 35c; large size, 50c.

DUMORTIERI. (D) A dwarf growing variety and of the earliest to bloom. Flowers a rich candidum yellow, reverse of petals bronze-orange. 15c; large size, 30c.

FULVA. (M) A commonly known variety of easiest culture. Flowers bronzy orange color. 10c; large size, 20c.

FLORHAM. (M) Splendid new large flowering sort; bright yellow flowers. 35c; large size, 50c.

GOLD DUST. (D) Flowers bright Indian-yellow, buds and reverse of petals bronzy gold. One of the choicest varieties. 15c; large size, 30c.

KWAMSO FLORE PLENO. (T) Foliage is broad and of a good color. Blossoms on long, stiff stems and of orange-yellow color. 20c; large size, 30c.

LUTEOLA. (M) The long-tubed half reflexed bright yellow flowers are borne on tall branching stems, each flower very large. 10c; large size, 25c.

LUTEA MAJOR. (M) Golden yellow flowers on very long stems. Very free flowering. 25c; large size, 35c.

MIDDENDORFII. (M) A native of Siberia and Japan. Blossoms are golden yellow and are fragrant. 35c; large size, 50c.

SEIBOLDI. (M) Earliest to bloom. Deep orange-yellow. 20c; large size, 30c.

THUNBERGII. (D) Blossoms are pure yellow and sweet scented and produced on long stems. Blooms freely. 15c; large size, 25c.

HOLLYHOCKS

GARDEN LOVER, HAVE YOU EVER TRIED A HOLLYHOCK PATH?

Nothing to do with the "Primrose Path," but incidentally almost the prettiest sight in gardening.

A "Hollyhock Path" is beautiful, and if you have a chance to make one don't miss it. The stately line of rose and scarlet and faintly flushed salmon sentinels, brilliant and warm in the center and paling to tender tones of nothing-at-all at the ends—well, even your blase "garden expert" gets out his enthusiasm for the Hollyhock Path.

DOUBLE HOLLYHOCKS. Their flowers are large, fully double, handsome in form and lively shades of color. Double White, Pink, Crimson, and Yellow mixed. 20c.

SINGLE HOLLYHOCKS. These handsome and showy plants are great favorites. Their unique growth gives them a welcome everywhere. Single White, Pink, Crimson, Mixed colors. 20c.

QUANTITY PRICES Six plants of any one variety at five times the single rate price. Twelve plants at ten times single rate price.

Hemerocallis

Wagner Park Double Peonies

Wagner Park Peonies are the most beautiful of all the Hardy Perennial plants, and should be in every garden, large or small, in bed borders, shrub-beries or drives; in park, grass or woodland. They should, therefore, be planted near at hand for close enjoyment of their beauty, as well as in masses for distant color effect.

- ACHILLES.** Light flesh pink. Strong roots, 75c.
AGIDA. Dark, rich red. Strong roots, 50c.
AMERICAN BEAUTY. Deep pink. Strong roots, 50c.
CLARISSA. Rose pink One of the finest flowering varieties we grow. Strong roots, 50c.
COMPTE DE PARIS. Rose color with salmon center, a variety that will always give satisfaction. Strong roots, 50c.
LADY BRAMWELL. Silvery rose; a very delicate variety and will thrive in most ordinary garden soil. Strong roots, 40c.
MARIE LEMOINE. Delicate flesh; a very free flowering variety and one that may be depended upon. Strong roots, 50c.

Our Three First Prize Peonies

These three varieties we consider the very best for general planting or cut flower purposes.

FIRST PRIZE PINK. Beautiful pink, tips shading into silver shade; almost identical to a La France rose. Blossoms are extra large, long stems. Strong roots, 50c, \$5.00 per dozen.

FIRST PRIZE RED. In color this variety resembles the American Beauty rose, but surpasses it on account of its larger size and profusion of blossoms. Strong roots, 50c each, \$5.00 per dozen.

FIRST PRIZE WHITE. Large pure white with a very few pink markings in the center. Fine for general cultivation. Strong roots, 75c.

SPECIAL OFFER THREE PRIZE PEONIES—One of each color. Strong roots, \$1.50.

Wagner's Hardy Phlox

Do not overlook these in your collection of plants. Certainly no perennial is more worthy of cultivation, more satisfactory in every situation or more effective either as individual plants or grouped in masses in the hardy borders. The plants begin to flower in early summer and the garden borders can be kept aflame with great flower cones from June until frost. Our small, thrifty plants will produce surprisingly good results.

- LA VAGUE.** (M) A deep pink; very fine. 20c; field grown, 50c.
MISS LINGUARD. (M) A grand variety beginning to flower in early spring and continues throughout the whole season. An excellent variety in every way and may be planted in solid beds or among the hardy border plants or used as an edging plant. Color, white with light lilac center. 15c; field grown, 35c.
RYNSTROM. Rose-pink; flowers and trusses extremely large; possibly the finest Phlox of this color. 20c; field grown, 50c.

WAGNER'S SPECIAL PHLOX OFFER

No. 50 This collection consists of a choice lot of seedlings selected for their superior quality, color and size of flower clusters. They surpass many of the named varieties in size of flower and truss. Color ranges from delicate flesh to bright pink, reds and other beautiful shades. 15c; large size, 25c.

PHLOX SUBULATA (Moss or Mountain Pink) Early spring flowering with pretty moss-like evergreen foliage. Very dwarf.

ALBA. Pure white. Thrifty plants, 15c; large size, 25c.

ROSEA. Very free flowering; pinkish-purple. dark center. Thrifty plants, 10c; large size, 20c.

Wagner Iris (American Grown)

The millionaire may enjoy his hothouse orchids, but nature has placed within the reach of everyone an absolutely hardy substitute, "The Iris." Myricaster as the opal with its ever changing fire, more beautiful than the orchid, so fragile as to be crushed by the slightest pressure.

Iris flourish and flower exceedingly in any ordinary soil; however, they delight in well rotted manure and deep rich soil. Many are very thirsty subjects and adorn the margins of ponds and streams. Once planted they spread and increase in beauty and luxuriance year after year. A mass of flowers of one variety gives an effect long to be remembered.

- ATROPURPUREA.** Large, deep purple. 15c.
DONNA MARIE. Pearly white flowers. Outer petals are shaded lilac. 25c each.
FAIRY. Light lavender, almost white. Free flowering. 15c.
RACCHUS. Erect petals lemon, drooping petals pale yellow reticulated purple. 20c.
HER MAJESTY. Pinkish violet and deep reddish violet with dark veinings. 25c.
JOHN DEWITT. Stands bluish-violet, falls deep violet-purple. 15c.
KHARPOT. Standards violet; falls velvety violet-purple. 35c.
MADAM CHEREAU. One of the most popular. A strong grower, very free blooming. Flowers are as delicate as orchids, are pure white with edges penciled lavender. 10c each.
PLICATA. Stands, petals violet-purple, falls deep purple. 15c.
ULYSSE. Tall, gray tinged brown, falls petals purple. Late. 50c.
MIXED COLORS. A variety of shades and colors. 50c per doz., \$3.00 per 100; large size, \$1.00 per doz., \$5.00 per 100.

Some Special and Desirable Kinds

- ORIENTALE BLUE KING.** A native of Japan. Blossoms on tall, erect stalks and are a bright clear blue. Foliage narrow, and remains green all summer. 15c.
WAGNER'S SNOW WHITE IRIS GIGANTEA. Thick, heavy dark green foliage and remains green all season. Large, pure, snow-white blossoms having a waxy appearance. 15c.
IRIS PUMILA. Rich royal purple. Earliest and dwarfest of all Iris. 50c.

Wagner's Extraordinary Iris Offer

"A Score of the Best Iris and a Few Over"

- 50 ASSORTED IRIS.** Our selection, labeled true to name, strong roots, \$2.50.
100 ASSORTED IRIS. Our selection, labeled true to name, strong roots, \$4.00.
500 ASSORTED IRIS. Our selection, labeled true to name, strong roots, \$18.00.

TEN SPECIAL OFFERS

Below find many desirable collections of plants at greatly **Reduced Prices**. Look at the value given in these "Special Offers." It seems almost like giving stock away. These collections consist of standard sorts, tried and true, and all varieties carefully labeled. The selection of varieties must be left to us, owing to the extremely low prices. This, however, is a wise thing to do, as we can then send varieties best adapted to the locality where to be planted.

ASSORTMENT No. 1B—Eight strong, ever-blooming roses, plants that will produce satisfactory results. **\$1.00.**

ASSORTMENT No. 2B—Eighteen strong, ever-blooming roses, including three good climbing varieties. **\$2.00.**

ASSORTMENT No. 4—Twelve thrifty, young Hardy Plants, varieties labeled true to name. **\$1.00.**

ASSORTMENT No. 6—Twenty-five large Hardy Plants, five distinct varieties. **\$2.00.**

ASSORTMENT No. 7—Ten choice Hardy Chrysanthemums; the beautiful fall flower. **\$1.00.**

ASSORTMENT No. 7A—Ten thrifty, hardy Larkspur, (Delphinium). **\$1.00.**

ASSORTMENT No. 8—Ten nice young, thrifty Phlox plants; sure to bloom and give satisfaction. **\$1.00.**

ASSORTMENT No. 8B—Ten thrifty Eulalias, assorted. **\$1.00.**

ASSORTMENT No. 9—Ten choice Day Lilies, five varieties. **\$1.00.**

ASSORTMENT No. 9A—Twelve choice Wagner Grown Iris. Twelve varieties. **\$1.00.**

OTHER HARDY PLANTS

PAPAYER ORIENTALE. (Poppy) Nothing can equal these in gorgeous effect. Rich, brilliant scarlet. **25c.**

PARDANTHUS (BLACKBERRY LILY) (Sinensis) Lily-like flowers of bright orange, followed with seeds resembling blackberries. **10c; large size, 25c.**

PENTSTEMON SMALLI (D) July-August. Rosy carmine flowers. **20c.**

PERIWINKLE HARDY MYRTLE. For covering bare ground where grass will not grow, it is indispensable. **10c.**

PINKS LORD LYON. Fine, showy, bright pink flowers on long, stiff stems. This variety will give entire satisfaction. **20c.**

WHITE RESERVE. (D) An excellent double white variety. Flowers are large on long stems and almost a continuous bloomer. Fine for edging other beds or in the hardy border. **15c.**

PLATYCODON GRANDIFLORA. (Japanese Bellflower) (M) June to October. A plant that is closely allied to the Campanula or Canterbury Bell, bearing continuously cupped star-shaped flowers. **25c.**

PYRETHRUM ULIGNOSUM. (Giant Daisy) (T) July to September. Large white, daisy-like flowers. **Large size, 35c.**

RUDBECKIA GOLDEN GLOW.

(T) August and September. Large, double, yellow Dahlia-like flowers. **10c; large size, 25c.**

PURPUREA. An entirely distinct variety from all other perennials and thrives in any ordinary soil. They are so simple and easily cultivated that we recommend them to anyone having a garden, whether large or small. The foliage being dense and of a good color, which is reddish-purple with large, cone-shaped center in brown. **20c; large size, 35c.**

SEDUM SPECTABILIS. (D) A very desirable hardy perennial thriving in any good soil and produces most pleasing effects when used as an edging to a bed of other plants. In formal work it is indispensable, as it grows compact and bushy. Foliage is a beautiful light green and quite broad. Flowers are rose colored and cover the entire top of the plant when in full bloom. **15c; large size, 35c.**

TRITOMA PEITZERI. (D) Large attractive flowers on long stems. Color, rich orange scarlet. **50c.**

VERONICA MARITIMA. (D) September. 2 feet. **35c.**

YUCCAS

(Filamentosa)

(HERE ILLUSTRATED)

Hardy Flowering Evergreen Plants of Great Beauty

The Yucca Plant is so unusual and so strikingly effective, either when planted alone or in combination with other evergreens, that it attracts attention on the humblest lawn, and is worthy of a place in the most pretentious garden.

Hardy Flowering Shrubs

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when the plants are vigorous Wagner Park Stock, is easy, pleasurable and sure. All Wagner Park Shrubs have been transplanted and are in robust health and condition.

Shrubs always have hard wood like the branches of a tree, and this wood does not die during the winter, except in a few of the more tender varieties which branches should be cut off as soon as the live branches begin to sprout in the spring.

ABBREVIATIONS AND PLANTING INSTRUCTIONS. (I) (II) (III) immediately following the name of each variety indicate the height of plants when fully matured. (I) indicates varieties growing from 1 to 3 feet; plant from 1 1/2 to 3 feet apart. (II) indicates height from 3 to 8 feet; plant these varieties from 3 to 5 feet apart. (III) indicates height from 8 to 12 feet; plant from 5 to 8 feet apart. There are no set rules as to distance for planting as some prefer heavy mass effects which require close planting, while more open effects require planting farther apart. We have given both extremes yet one need not follow these exactly.

ALTHEA (III) (Rose of Sharon) Handsome late summer blooming shrubs, coming into bloom when few shrubs are in flower. As a hedge plant they are very valuable.

BOULE DE FEU. Large violet-red flowers. 35c.

GRANDIFLORA. A very fine dark red variety. 35c.

JEANNE D'ARC. Double, pure white; one of the finest. 35c.

MIXED COLORS. Altheas make a most beautiful hedge. Their flowers are large and their freedom to bloom, time of flowering, etc., render them most valuable. A hedge or planting of mixed colors is indeed a grand sight. Nice thrifty plants, 10 to 15 inches high, 15c each, \$1.50 per dozen, \$10.00 per 100; larger size, 25c, \$2.50 per dozen.

AMORPHA FRAGRANS. (I) Spikes of deep purple flowers; blooms in June. 50c.

BERBERIS THUNBERGII. (Japanese Barberry) (II) May 35c, \$3.50 per dozen, \$25.00 per 100.

CORNUS SIBERICA. (III) Deep crimson bark and should be used in large groups for its winter effect. Small white blossoms in early summer. Followed by fruit. 40c.

STOLONIFERA. (III) Valued for its colored bark. White flowers.

CYDONIA JAPONICA. (Pyrus) (Fire Bush) (III) One of the early spring flowering shrubs, the fiery blossoms pink to crimson, creating a grand display. 50c.

DEUTZIA CANDIDISSIMA. (III) Double white flowers. 40c.

CRENATA. (III) Double rosette shape, white, tinged pink. 40c.

LEMOINEI. (II) Flower pure white. 50c.

PRIDE OF ROCHESTER. (III) Double white, tinged with pink. 35c.

WATERERI. (II) Flowers delicate pink. A most beautiful variety. L. 40c.

FORSYTHEA INTERMEDIA. (III) A tall, upright growing form. Good for shrubbery border planting. Deep yellow flowers and fragrant. 40c.

VRIDISSIMA. (Dark Green Forsythia) Shrub-like in growth, dark, rich foliage, yellow flowers and a very profuse bloomer. 50c.

HYDRANGEA GRANDIFLORA ALBA. (II) Large clusters of white flowers. 50c.

PANICULATA GRANDIFLORA. (II) July, August. Flowers white changing to pink and borne in immense pyramidal clusters. Will bloom same season planted. 75c.

WEIGELAS

DESBOUSIL. (II) Deep rose flowers in profusion. 50c.

ROSEA. The flowers are rose colored, are produced in such profusion as to completely cover the bush. Flowers in May and June. 50c.

PRICES IN QUANTITIES

Six plants of any one variety listed above will be supplied at five times the single rate price. Twelve plants at ten times the single rate price.

LONICERA TARTARICA. (Bush Honeysuckle) May. Pink flowers, orange-red berries. 50c.

TARTARICA ALBA. (White Tartarian Honeysuckle) (III) May. Has white flowers, bright berries. 50c.

PHILADELPHUS GRANDIFLORUS. (Mock Orange) (III) Most vigorous grower and produces unusually large flowers, which are pure white. 35c.

LEMOINEI ERECTA. (II) Creamy white, fragrant. 50c.

NIVALIS. (II) White flowers. 50c.

SPECIOSA. (III) Showy white flowers. A tall grower. 35c.

RHUS GLABRA. (Smooth Sumac) (III) Leaves color brightly in autumn, followed by fruit. 50c.

SAMBUCUS CANADENSIS. (White Elder) (III) Clusters of purple berries. 35c.

SPIREAS This is one of the largest groups of flowering shrubs and it is rarely that a group is planned without including some of its widely differing forms.

BILARDI. (II) Bright pink flowers. 30c.

CALLOSA FROBELI. (II) June to Sept. Flowers dark, violet-red. 40c.

CALLOSA ROSEA. (II) Rose colored flowers. 50c.

OPULIFOLIA AUREA. (Golden Leaved) (III) Yellow tinted foliage and white flowers. 40c.

REEVESIANA. (III) May. Slightly drooping clusters of white flowers. 50c.

SALICIFOLIA ALBA. (II) June to Sept. White flowers. 35c.

VAN HOUTTEI. (I) The most beautiful of the Spiraea. We recall no shrub that exceeds this in the graceful elm like quality. The graceful branches, weighed down with a wealth of white blossoms, curve till they nearly touch the ground. It comes into bloom just before Decoration Day. 35c.

SYRINGA VULGARIS. (Old-fashioned Lilac) (III) Dense panicles of lilac flowers in May. 75c.

VULGARIS ALBA. (Old-fashioned White) An old standard and one that is always popular. 75c.

SYMPHORICARPUS RUBRA. (I) A graceful shrub, with deep red berries clustered and crowded along its arching twigs. The branches take root where they touch the ground and therefore are useful to hold steep banks and edge groups of tall shrubs. The only shrub to grow under large trees or in exceedingly dense shade and thrive. 20c.

VIBURNUM OPULUS. (High Bush Cranberry) White flowers. Bright red fruits. 60c.

STERILIS. (Common Snowball) (II) Flowers white, borne in clusters. 50c.

Special Shrub Offer—20 Plants \$5.00.

As an example of the superb values offered by the Wagner Park Nurseries, nothing could be more convincing than a collection of choice hardy flowering shrubs that will make a beautiful setting for your home for years to come. These are especially suitable for foundation planting, for grouping or a border planting.

Wagner Park Flowers

Ornamental Hedge Plants

Plant from 5 to 10 inches apart, depending on the compactness of hedge desired.

LIGUSTRUM AMUER-ENSE.

(Privet) Hardy. Glossy green foliage and of upright growth. Hardy in all localities. \$2.50 per dozen. \$15.00 per 100.

SINENSIS NANA. (Southern Evergreen Privet) The most satisfactory for hedges for Southern States where the foliage remains on all winter. Leaves are small and a beautiful green color. \$1.50 per dozen, \$7.50 per 100.

IBOTA. (Chinese Privet) An unusually good hedge plant, very hardy and produces fragrant flowers. \$2.50 per dozen, \$15.00 per 100.

OVALIFOLUM. (California Privet) The most popular variety of all. Foliage is a beautiful dark glossy green and almost evergreen. In the northern states it sometimes freezes to the ground. \$1.50 per dozen, \$5.00 per 100.

Hardy Climbing Vines

AMPELOPSIS VEITCHII. (Boston Ivy) The leaves of this beautiful climber change in the fall to the most vivid autumnal tints. 35c.

ENGELMANN. A very desirable variety, small, dense foliage. Colors beautifully in fall. 35c.

QUINQUEFOLIA. (Virginia Creeper or Woodbine) Foliage assumes brilliant shades of yellow, crimson and scarlet in the fall. 35c.

CLEMATIS PANICULATA. Most desirable and most popular vines grown and may be used with satisfactory results wherever a vine is needed. Glossy green foliage all season and a mass of small white fragrant flowers in August and September. 35c.

LONICERA BRACHYPODA AUREA. (Japan Golden-leaved Honeysuckle) Yellow and green leaves. Valuable for covering banks, bare places, etc. Flowers creamy-white. 25c.

HALLIANA. (Hall's Japan Honeysuckle) Blooms constantly. Flowers white, changing to yellow; very fragrant. The best climber. 30c.

WISTERIA CHINENSIS. A most desirable vine which will thrive in almost any kind of soil or situation, and quite a rapid grower. Pendulous clusters of delicate violet-blue blossoms, richly perfumed. 50c.

QUANTITY PRICES Six plants of any one variety at five times the single rate price, and twelve plants at ten times the single rate price.

EVERGREEN VINES

EUONYMUS RADICANS. Beautiful bright green foliage. 15c, \$1.50 per dozen.

HARDY CLIMBING SWEET PEAS This is one of the most desirable hardy climbing plants, attractive both in flower and foliage, producing clusters of large flowers the entire summer. As a porch climber or for covering fences, it is invaluable. It is perfectly hardy and will endure our severest winters. 15c, 4 for 50c, 12 for \$1.50, 100 for \$10.00.

TENDER CLIMBING VINES

COBEA SCANDENS One of the most rapid growing climbing plants. Bears beautiful, deep, blue, bell-shaped flowers. 25c each, \$2.00 per dozen.

PARLOR IVY A wonderful rapid growing vine, producing an abundance of pretty green foliage. Excellent for Southern and Pacific Coast States. 10c, \$1.00 per dozen.

VINCA VARIEGATA. Elegant low-growing trailing vine, leaves widely bordered with creamy-white; always bright and pretty; extra nice for pots, vases, baskets, window boxes and rockeries. 10c each; large size, 15c.

Fruit Department

No home grounds are complete without at least a few fruit trees. Nothing is more beautiful in early spring than a fruit tree full of bloom, besides the great satisfaction derived from picking fine, ripe fruit from trees in your own yard. Our list of varieties is somewhat limited but all offered below is the very choicest and best for general planting. One dozen trees or plants of any single variety listed on this page may be ordered at ten times the single rate price.

APPLES EARLY HARVEST. Early, medium, pale yellow, tender, juicy. \$1.00.

YELLOW TRANSPARENT. Earliest and best; white, tender, juicy, sprightly, sub-acid. \$1.00.

BALDWIN. Late, large, bright red, crisp, juicy, rich. \$1.00.

GOLDEN RUSSET. Late, medium, dull russet, crisp, juicy. \$1.00.

JONATHAN. Late, beautiful red, juicy, tender, excellent quality. \$1.00.

NORTHWESTERN GREENING. Late, hardy yellow, rich, of good size, extra long keeper. \$1.00.

ROME BEAUTY. Late, large, yellow, shaded red; tender, juicy, sub-acid. \$1.00.

WHITE PIPPIN. Late, large, yellow, tender, sub-acid; good grower and keeper. \$1.00.

CRAB APPLES HYSLOP. Large, deep crimson; one of the most beautiful of Crabs; very popular. \$1.00.

TRANSCENDENT. Immensely productive, bright red, one of the most popular. \$1.00.

CHERRIES EARLY RICHMOND. Medium, dark red, melting, juicy, sprightly, rich acid. \$1.25.

ENGLISH MORELLO. Fair size, blackish red, rich acid, juicy, good. \$1.25.

MONTMORENCY. Large, red, productive, ten days later than early Richmond. \$1.25.

WINDSOR. Fruit large, remarkably firm and of fine quality. A late variety. \$1.25.

GRAPES CONCORD. The well known black grape, succeeds wherever grapes will grow. 35c.

CATAWBA. Berries large, round, copper-red color when fully ripe. 35c.

EARLY OHIO. Very early, hardy and productive. 40c.

WORDEN. Splendid black grape. Vine vigorous, hardy, productive. 50c.

PEARS BARTLETT. Early, large, buttery, juicy, high-flavored, great bearer; very popular. \$1.25.

CLAPP'S FAVORITE. Early, very large, yellow and dull red, with russet specks, melting, rich. \$1.25.

FLEMISH. Late, large, juicy, rich; one of the hardiest. \$1.25.

KEIFER. Late. Its large size and handsome appearance make it exceedingly profitable for market. \$1.25.

WORDEN-SECKEL. (New) Late. Very fine and productive. \$1.25.

PEACHES CRAWFORD'S EARLY. A magnificent large yellow peach of good quality. 75c.

ELBERTA. Large, yellow, with red cheek; flesh yellow, firm, juicy. 75c.

LEMON FREE. Lemon-shaped and color, large size. 75c.

PLUMS ABUNDANCE. Large, lemon-yellow, heavy bloom, good quality. \$1.50.

BURBANK. The best and most profitable for the market. \$1.50.

LOMBARD. Medium, violet, red, juicy, good, hardy, productive. \$1.50.

BLACKBERRIES ELDORADO. Fine, large clusters. Very hardy. 25c, \$2.50 per dozen.

RASPBERRIES CUMBERLAND. The best black, very large. 15c, \$1.50 per dozen.

KING. The best large red. 15c, \$1.50 per dozen.

Wagner Park Flowers

Ornamental Shade Trees

Judicious planting of ornamental trees and shrubs enhances the value of real estate more than an equal amount of money invested in any other way.

SPECIAL NOTE—In addition to the regular sizes listed, we can supply extra choice specimens which price varies according to variety, size, compactness and shape. \$5.00 to \$25.00 each.

ACER (Maple) One of the most sturdy and desirable lawn trees. Avenues planted with them grow in grandeur each year thereafter. Our assortment and stock is fine.
CAMPESTRE. Leaves green, with small white spots. 4 to 5 ft., \$1.50; 6 to 8 ft., \$2.50.
DASYCARPUM. (Silver Maple) There is more foliage for the cost in this Maple than in any other tree. It is the best of the quick-growing trees for most soils and situations. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00.

NEGUNDO. (Ash-leaved or Box Elder) A tall-growing tree. Retains its foliage until late, making it very desirable. 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00.

PLATANOIDES. (Norway Maple) Large deep green leaves. One of the best for general planting. 8 to 10 ft., \$2.00; 10 to 12 ft., \$2.50.

PSEUDO PLATANUS. (Sycamore leaved Maple) Foliage deep green on upper surface and purplish-red underneath. 8 to 10 ft., \$2.00; 10 to 12 ft., \$2.50.

SACCHARUM. (Sugar Maple) Used for shade on lawn or park plantings. 8 to 10 ft., \$2.50; 10 to 12 ft., \$3.00.

WIERI LACINIATUM. (Wier's Cut-leaved Maple) A very beautiful tree, with delicately cut leaves, branches, drooping habit. 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.50.

ALNUS GLUTINOSA. (Alder) Foliage green, wedge-shaped, wavy. Remarkably quick growth. 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.50; 12 to 14 ft., \$3.50.

ARALIA SPINOSA. Broad, handsome cut leaves and clusters of white flowers. Winter effect is unique. 4 to 6 ft., 75c; 6 to 8 ft., \$1.00; 8 to 10 ft., \$2.00.

BETULA ALBA. (White Birch) Rapid growth, attractive foliage and silvery-white bark. 6 to 8 ft., \$2.00 to \$2.50; 8 to 10 ft., \$3.00.

CATALPA BUNGEI. (Umbrella Tree) A small species with large, heart shaped leaves. It is grafted on stems from 6 to 8 feet high. A handsome standard tree; dense, symmetrical head. 1 to 2 yr. heads, \$2.00 to \$2.50.

SPECIOSA. One of the most rapid growing trees. Large panicles of white flowers and very ornamental. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$3.00.

CERASUS PADUS. (European Cherry) Strong grower; pure white flowers followed by black fruit. Heavy, 10 to 12 ft., \$2.50.

CERSIS (Judas Tree) (Red Bud) Reddish-purple flowers. 4 to 5 ft., \$1.00; 6 to 8 ft., \$1.50 to \$2.00.

CRATAEGUS OXYACANTHA. (Alba Flore Pleno.) (Double White Hawthorne) When in bloom a mass of clustered double white blossoms. This is the famous May-Thorn of English gardens. 5 to 6 ft., \$1.50 to \$2.00.

CYPRESS. Deciduous, see Taxodium.

EUONYMUS EUROPAEUS. A small tree. Foliage broad and deep green, turning to crimson in fall. Flowers are followed by orange-scarlet fruits. 3 to 4 ft., 75c; 5 to 6 ft., \$1.00 to \$1.50.

FRAXINUS EXCELSIOR. A lofty tree with handsome foliage. 6 to 8 ft., \$1.50 to \$2.00; 12 to 14 ft., \$3.50 to \$5.00.

LIQUIDAMBAR (Sweet Gum) Glossy green foliage changing to bright red. (Shipped with ball of earth). 7 to 8 ft., \$3.00 to \$4.00 each; 8 to 10 ft., \$5.00 to \$7.50.

LIRIODENDRON (Tulip Tree) Foliage dark green; creamy-yellow flowers. 6 to 8 ft., \$2.00.

PLATANUS OCCIDENTALIS. (American Plane) Very effective branches; white and mottled gray, green and brown. 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00 to \$4.00.

ORIENTALIS. (Orientalis Plane) One of the best trees for street and avenue planting. A lofty tree, with large leathery, clear-cut leaves that turn yellow in fall. 8 to 10 ft., \$2.00; 10 to 12 ft., \$3.00 to \$4.00.

POULUS MONILIFERA. (Carolina Poplar) Unexcelled for quick growth and luxuriance in places where other trees appear starved. 4 to 5 ft., 50c; 6 to 8 ft., \$1.00; 10 to 12 ft., \$2.00.

NIGRA, OR ITALICA. (Lombardy, or Italian Poplar) Of obelisk form, growing rapidly to a tall spire. Always a striking feature in any landscape. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00.

QUERCUS COCCINEA. (Scarlet Oak) Foliage purplish-crimson in autumn. 6 to 8 ft., \$2.50 to \$3.00; 8 to 10 ft., \$3.50 to \$4.00; 10 to 12 ft., \$5.00 to \$7.00.

ROBUR. (English Oak) Massive spreading nature. 6 to 8 ft., \$3.00 to \$4.00; 8 to 10 ft., \$5.00 to \$5.00.

SOPHORA JAPONICA. (Japan Pagoda Tree) Small, shining leaves. Clusters of white flowers. 3 to 5 ft., \$1.50 to \$2.50.

TAXODIUM DISTICHUM. (Deciduous Cypress) The famous Southern or Bald Cypress grows well on dry or wet soil. Pyramidal in shape. 6 to 8 ft., \$5.00; 8 to 10 ft., \$8.00 to \$10.00. All dug with ball of earth.

TILIA EUROPEAN. Symmetrical habit; large, glossy green leaves. 6 to 8 ft., \$2.50 to \$3.00; 8 to 10 ft., \$3.50.

ULMUS AMERICANA. (Elm) No finer tree grown. Good for avenue or lawn planting. 6 to 8 ft., \$1.00; 8 to 10 ft., \$1.50; 10 to 12 ft., \$2.00.

LATIFOLIA. Large leaves; compact and upright habit. Golden in autumn. 8 to 10 ft., \$2.00 to \$2.50; 10 to 12 ft., \$3.00 to \$3.50.

Hardy Ornamental Evergreens---Conifers

Wagner Park Evergreens have been several times transplanted. They are shipped to you with ball of earth and an abundance of roots, carefully burlapped. We list here only choice and hardy varieties.

JUNIPERUS VIRGINIANA. (Red Cedar) Always popular, thriving and making a fine appearance in soil or situations where other trees will not grow. 2 to 3 ft., \$3.00 to \$4.00; 4 to 5 ft., \$5.00 to \$7.50 each.

PINUS BANKSIANA. (Jack Pine) Strong grower and hardy. 3 to 4 ft., \$2.00 to \$3.00; 6 to 8 ft., \$5.00 to \$7.00.

SYLVESTRIS. (Scotch Pine) A strong grower with spreading branches. Splendid for mass plantings, screens, shelter belts, and seashore uses. 2 to 3 ft., \$2.50 to \$3.00; 3 to 4 ft., \$4.00 to \$5.00.

PICEA EXCELSA. (Norway Spruce) This spruce embraces more desirable features than any of the others. It is rapid growing, does well in any soil and withstands the bleak and cold winds of winter. \$1.00; 2 to 3 ft., \$1.50.

RETINISPORA PLUMOSA. The branches are slender and pliable, imparting a feathery appearance. 1 to 1½ ft., \$3.00 to \$4.00; 2 to 2½ ft., \$5.00 to \$7.00.

PLUMOSA AUREA. (Golden Japan Cypress) The color of the young growths contrasts strongly with the darker shades of older foliage. 1 to 1½ ft., \$3.00 to \$4.00; 2 to 2½ ft., \$5.00 to \$7.00.

THUYA ELLWANGERIANA. (Tom Thumb) In many respects similar to Retinispora, and seems to be the connecting link between Arbor-Vitae and that family. 8 to 12 in., \$1.00; 1 to 1½ ft., \$2.50 to \$3.00.

GLOBOSA. (Globe Arbor-Vitae) A compact form, bright green foliage. 1 ft., \$2.00; 1½ to 2 ft., \$3.00 to \$5.00.

OCCIDENTALIS. (American Arbor-Vitae) Strong vigorous grower. Its upright growth makes it desirable for formal planting and also for hedges. 1½ to 2 ft., \$1.00; 2 to 3 ft., \$1.50; 3 to 4 ft., \$2.00 to \$3.00.

ORIENTALIS. (Biota) (Chinese Arbor-Vitae) Excellent for hedges. Bushy and upright pyramidal growth and very attractive foliage arranged in flat, vertical leaves. 1½ to 2 ft., 75c to \$1.00; 2 to 3 ft., \$1.25 to \$1.50; 3 to 4 ft., \$2.50 to \$3.00.

PYRAMIDALIS. (Pyramidal Arbor-Vitae) Its compact slender column of dark green is ornamental as a lawn specimen or for backgrounds and in groupings. 1½ to 2 ft., \$1.50; 2 to 3 ft., \$2.00 to \$2.50.

SIBERICA. (Siberian Arbor-Vitae) Globular or oval shape, handsome and hardy. 12 to 15 in., \$1.50 to \$2.00; 1½ to 2 ft., \$2.50 to \$3.00.

WAGNER PARK MALLOWS *Indescribably Beautiful Flowers*

Are absolutely hardy, and are thriving in Canada, in the mountain portions of the Northern States as successfully as in the South. They surpass all other perennials in profusion of bloom, flowering propensities and brilliancy of color. From late June until October arrives, the flowers continue to appear in great profusion. They will grow and bloom in any soil, but do best in a rich, moist soil. They like plenty of water, but should not be planted in a swamp where water will stand around the roots. The flowers are of immense size, often measuring eight to ten inches across. Colors are Crimson, Red, Rose, Pink and White. We offer separate colors but we highly recommend the mixed colors. They are hardy and will thrive from Maine to California, from Canada to the far South. In planting Mallows, see that the hole is made large enough to permit the spreading of the many large roots. Press the soil firm and when hard freezing begins mulch with leaves or other material, as strawy manure, etc. Do this especially the first season for the freezing and thawing sometimes experienced might otherwise lift the plants. After once established one need not necessarily do this, yet a mulch is always beneficial.

Prices of Mallows

CRIMSON MALLOWS. Most beautiful flower of all. Nothing more gorgeous in color. **Extra large plants, \$1.00.**

RED AND ROSE SHADES. This lot includes all choice bright shades. **Extra large, 50c.**

PINK MALLOWS. Most delicate shades of pink found among these. **Extra large, 35c; \$3.50 per dozen.**

WHITE MALLOWS Center of blossoms a rich crimson, making a fine contrast. **Extra large, 50c.**

CRIMSON MALLOW SEEDLINGS. These plants are grown from seed collected from the choicest crimson flowering plants, and most of these plants will prove to be beautiful crimson and red shades. **Thrifty plants, 15c, \$1.50 per dozen.**

MALLOW MIXED COLORS. This collection includes a great variety of colors from pure white and pink to red and scarlet shades. Every plant will bloom and give satisfaction. **Thrifty plants, 10c, 75c per dozen; larger size, 20c, \$1.50 per dozen. extra heavy clumps, 50c, \$5.00 per dozen.**
